AUDITOR'S BIENNIAL REPORT.

AUDITOR'S OFFICE,
January 1st, 1894.

To His Excellency Governor J. M. Stone:

I beg to submit to you, and through you to the Legislature, the accompanying pages of report of transactions had during the fiscal years 1892–1893 at the Auditor's office on the various accounts therein indicated, as directed in section 228 Annotated Code.

Document A, pages 1 to 30, inclusive, exhibits the receipts into the State Treasury for the fiscal year 1892, from all sources on warrants numbered consecutively 1 to 1604, giving date of receipt, number of warrant, to whom issued, on what account, and the amount of each warrant. A recapitulation of this shows the amount of revenue derived from the various sources provided by law, as follows, to-wit:

State Tax	$	549,536 41
Privileges		263,602 54
Insolvencies		456 37
License to Retail		60,945 32
Swamp Land Sales		1,573 18
General Fund		26,487 03
Swamp Land Fund, (Indemnity Fund)		11,578 37
Land Office Fees		296 45
Direct Tax Fund		69,536 15
Three Per Cent. Fund		1,370 76
Two Per Cent. Fund		913 84
Land Purchases and Redemptions		2,219 24
Escaped Taxes		500 29
A. & M. College Fund		18,000 00
Sales of Code		1,255 00
Escheated Property		285 20
Railroad Privileges, (1891)		45,620 10
Total receipts	$	1,054,176 25

Document B, pages 31 to 117 inclusive, shows the disburse-

ment account for the year 1892 by date, number of warrant, to whom issued, account for which issued, and the amount of same.

This covers all the expenditures under appropriations by the Legislature for the year.

Recapitulation, page 117, gives the aggregate paid on various accounts, under proper heads, making total disbursements of	$1,234,131 35
Which against receipts of	1,054,176 25
Shows excess of disbursements over receipts of	$ 179,955 10

Document C shows in condensed form all the receipts on account of privileges and the special source from which derived by counties, not including, however, those from insurance companies and a few miscellaneous items. (See Document D.)

The last Legislature abolished the liquor tax as a common school revenue after March, 1892, hence all subsequent licenses to retail have been paid in as ordinary privileges. The number of counties selling liquor at the above date was thirty-one.

Document F, page 122, shows revenue on State tax of five mills levy, by counties, aggregating $550,033.54.

Document I exhibits the railroad privilege tax for 1891 and distributed under the old law, not reported heretofore.

The method of railroad taxation by the Acts of 1892 was changed to ad valorem and collected by the tax collectors on specific levy as upon all other property, the Railroad Commission making assessment of the same.

Document A, pages 150 to 173, inclusive, exhibits payments into the State Treasury during the fiscal year 1893, which, under operation of the law, terminates on the 30th of September annually, instead of the 31st of December, as heretofore; hence, only the receipts of nine months are shown instead of twelve. That the Legislature may be more fully advised as to the fiscal status at the time of assembling, I will prepare a condensed statement of all matters transacted during the last three months of 1893, for its consideration.

As will be seen in recapitulation, page 173, the total receipts during the current fiscal year amount to $1,051,206.09. The disbursements on Auditor's warrants for the same period, as shown on pages 174 to 235, inclusive, on various accounts named, amount to $1,263,752.01, which compared with the receipts, indicates a net deficit, or excess of disbursements

over receipts, of $248,545.92. The actual excess is not so great as appears, from the fact that in changing the fiscal period it was deemed proper, in the opinion of the Attorney-General, that all moneys appropriated to and not drawn out for the public institutions, should be drawn before the 1st of October from the State treasury and placed in the individual treasury of each institution. This was done, and with these funds the institutions have been maintained during the following quarter.

Whilst this reduces the apparent deficit somewhat, yet there is still quite an excess of disbursements over receipts which would have been seriously felt except for the generous sum on hand January 1st, 1892. I would, therefore, suggest that this feature of the financial status be noted and especially considered at the approaching session.

Of the disbursements for 1893, $674,195.32 (over one-half) was on account of the common schools. This does not include polls retained in the counties, amounting to $245,-823.58, as shown in document K, pages 244 to 249.

Three-fourths of the revenue now received is derived from advalorem State tax on a levy of five mills, the aggregate being for the current year from that source $737,488.58 out of a total from all sources of $1,015,206.09.

Collections from privilege taxes, including liquor licenses, aggregate $245,724.87. As will be seen by reference to the recapitulation, page 173, the receipts from all other sources are comparatively insignificant.

The amount derived from liquor licenses during 1892 was $137,300. From the same source for 1893 to September 30, it was $109,500. As stated above, in 1892 liquor was sold in thirty-one counties. In 1893, or at date, liquor is only sold in about ten counties. Whilst the deficit for 1893 is $27,800, yet it will be remembered that this report only covers nine months, which would indicate a substantial parallel between the two years in the receipts.

The tendency toward prohibition throughout the State gives warrant to the conclusion that revenue from this source will be largely decreased, the only ground for a different view being the high price of licenses now as compared with former periods.

It would appear by reference to the privilege tax report that at present there is nothing that can be taxed on that account that is not already subject to duty and about as high as good policy would seem to permit.

It seems that under the present law no provision is made for compelling an insurance company to satisfy judgments rendered against it. The act of 1890 provides that if any

insurance company "shall fail to pay or satisfy any judgment or decree rendered in favor of any policy holder against it, by any court in this State within thirty days from the date of said judgment or decree, it shall be unlawful for such company to do business thereafter in this State until such judgement shall have been paid or satisfied, unless such company shall take an appeal from such judgment or decree, and shall give bond within thirty days from date of such judgment or decree, payable to the plaintiff, with two or more sufficient sureties, who are freeholders in this State, to be approved by the clerk of the court in which such judgment or decree was rendered, in a penalty double the amount of such judgment, conditioned that said company will satisfy said judgment or decree complained of, and also such final judgment as may be made in the case, and all costs of the same shall be affirmed."

Section 4 provides that a failure of the company to comply with the above shall be certified by the clerk to the Auditor of Public Accounts who shall "forthwith give notice by publication for thirty days in some newspaper published in Jackson, Mississippi, that such company is no longer authorized to do business in this State."

A provision of this kind, it seems to me, is greatly needed in the present law.

REVENUE AGENT.

The insufficiency of the Code chapter on the Revenue Agent has been demonstrated by the loss before the Supreme Court of fourteen cases out of fifteen brought by the Revenue Agent. From this it seems that the manifest legislative intent and purpose failed for want of clear expression as to what the powers of the agent are in collecting revenue fraudulently withheld. The revenue agency is so manifestly of great value, I trust that the Legislature will not fail to so amend the law as to enable the agent to thoroughly and effectually prosecute all delinquents, of which there is a great number, who seem to be beyond the reach of officers or law.

I respectfully call your attention to the report of the Revenue Agent, pages 261–262, and submitted to this department as required by law.

The total assessment of real and personal property at present is in round numbers $160,000,000; add to this $24,000,000, value of railroad assessment, makes a total of about $184,000,000 of taxable property.

Respectfully submitted,

W. W. STONE,
Auditor of Public Accounts.

REPORT FOR 1892.

DOCUMENT A.

SHOWING RECEIPTS INTO THE STATE TREASURY, BY WARRANTS, DURING THE FISCAL YEAR 1892.

REPORT OF STATE REVENUE AGENT.

OFFICE STATE REVENUE AGENT,
OCTOBER 31, 1893.

To Hon. W. W. Stone, Auditor Public Accounts:

SIR: In compliance with law, I beg to submit herewith a report of the business of this office for the last two years, ending October 31, 1893.

Of revenue improperly withheld, the total amount collected and reported is, $11,537.26.

These collections have been made in the following counties, and or the following accounts:

From county of Carroll	$ 200 00
From county of Jefferson	235 40
From county of Leflore	189 00
From county of Lowndes	332 31
From county of Quitman	515 22
From county of Sunflower	1572 81
From county of Washington	6188 69
From Southern Express Co	1050 00
From Yazoo & Miss. Valley R. R. Co	1253 83
Total	$11,537 26

From these collections, I have made the following payments, to the State, County and Levee Treasurers, to-wit:

To State Treasurer	$ 631 87
To Treasurer Yazoo & Miss. Delta Board	1211 20
To Treasurer Carroll county	160 00
To Treasurer Jefferson county	188 32
To Treasurer Leflore county	151 70
To Treasurer Lowndes county	265 85
To Treasurer Quitman county	515 12
To Treasurer Sunflower county	1348 27
To Treasurer Washington county	4950 96
Total	$ 9,423 29

There is a balance in bank of unsettled claims—$343 66.

Early in 1892, I instituted suit against the Georgia Pacific Railroad Company for the unpaid taxes 1890 and 1891.

Though these taxes have not been collected, yet by compromise, the taxes for 1892, was paid, and the road placed upon the list of taxable property—thus largely increasing the revenue of both State and the counties through which the road passes. The road by the compromise mentioned, surrenders any further claim to exemption from taxation under its charter.

There still remains serious imperfections in the law—though the last Legislature attempted to conform the present law to the expressed views of our Supreme Court. I have been exceedingly unfortunate in prosecuting the State's cases, and thus a very large amount of delinquent revenue remains uncollected—but if *possible*, this revenue should be turned into the treasuries where it properly belongs, and these delinquents forced to bear their share of the burdens of the government.

Respectfully,

WIRT ADAMS, State Revenue Agent.
